

UAB "KRADIS"

QUALITY AND ENVIRONMENTAL SAFETY POLICY

In order to ensure long-term business success the Company created an efficient quality and environmental safety management system according to ISO 9001:2008 and ISO 14001:2004 standards, covering all processes of the company and business and management components. We seek for the best results and that the final products of the Company would ensure profit and satisfy the customer as much as possible.

THE MANAGEMENT OF THE COMPANY UNDERTAKES TO:

- Permanently improve the implemented quality and environmental safety management system according to the requirements of SO 9001:2008 and ISO 14001:2004 standards;
- Permanently improve the efficiency of quality and environmental safety management, develop cooperation processes, seek for efficient use of company management structures and staff potential;
- Carry out management basing on the company objectives;
- Permanently analyse the service requirements and achievements in order to establish the opportunities for service quality improvement;
- Manage and minimize negative impact of the organization activity on the environment, carry out pollution prevention;
- Ensure fulfilment of legal and other obligations to the RL;
- Systematically improve qualification of all employees, stimulate creativity and consciousness;
- Ensure liability of each employee for quality, environmental safety, occupational safety and health according to the job and competence;
- Permanently improve satisfaction level of the clients, satisfy current and future demands, stimulate use of the services provided by the Company;
- Select employees according to their ability to do the job and create labour conditions, which would stimulate self-improvement, and ensure permanent employment relationships;
- Frequently assess the actions, which would stimulate the employees to provide high-quality services;
- Establish quality and environmental safety objectives and regularly revise them.

Following of quality and environmental safety policy is compulsory for all employees of the Company.

The Management of the Company undertakes full liability, that the quality and environmental safety policy would be understood and implemented at all levels of the Company. We are proud of the employees of our Company, who by their active and fair activity provide stable and high-quality services.

UAB "KRADIS" policy is accessible to the public. All employees and persons, working upon assignment of the organization, we introduced to the policy and shall follow its provisions in their activity. The policy is the subject to annual revision, so that it would be urgent.
